RUST PROOF IRON,

RUST PROOF ARON;

FOR

ROOFING WINDOW SHUTTERS, &

HE subscribers beg to call the attention of all
those interested in roofing, to their G41

ANIZED TIN PLATES, and to the many is
antiges which they possess over all metairs and
her substances hitherto used for this purpose
hasesang as they do, the strength and lightness of
no without its liability to rust having now heat
sted several vears, both in this country and is
urope. They are also less subject to evipaneous
all contraction from sudden changes of the atmoshere, than common Tim Plate Iron, Zine &c. s'
sy other metal now used for roofing, and sense
tently form a much better and tighter roof returning far less frequent repair, whilst the first senbut a trifle more.

This subscribers would also call the attention aldealers and workers in metals to the many other
purposes to which Iron thus protected can be
pited. In general terms it is applicable to all
ticles of iron which it is desirable to puricet
on the action of the atmosphere. And they
unde especially call the attention of those unterted in TELEGRAPHIC LINES, to their Galnitzed Wire, which is now almost entirely used
Europe and which answers every purposes as
if as mited his copper, and possessing equal dihilaving lately excetted works in this c. y for the
rpose of galvanizing Nails Spikes Boha Wire
5, they will be able to furnish any article which
hy be desired. A supply of Plates (manufactured
Europe) constantly on hand from 16:0.3 Wire
age. GEO B MORE-WOOD & CO

Nos. 14 and 16 Beavers 1, New York

The Patent Right for this article has been serred for the United States as well as Grean Bert
and other European countries, and all legit
zonres will be taken to prevent any infragement
importation or otherwise
event? 1936
